

CONGRESSWOMAN KELLY

By: Andrew and Egzon

Sue Kelly, Sue Kelly, how great she is,
in Congress she is a real whiz.

When you see her she'll be in a sweater,
always trying to make our nation better.

During her visit she talked about the Iraqi war,
with all the paperwork her hands must be sore.

She is very generous,
for spending time with us.

Kindly she brought each student a book,
so sometime we could take a look
and learn how laws are passed
it doesn't seem it's very fast.

All the time people come to her,
Because Sue Kelly is great worker.
